Jess –

Still lots of chatter in the community about the recent burgs on Gardi Street. One of the points of discussion surrounds LASD's response to the 6/8/18 callout to 2215 Gardi.

I'm hearing that the reporting party received a call from her alarm company stating that someone was in the house while she was in Pasadena. She called it in to LASD while she was roughly 30 minutes away. She ran home and beat out LASD response. As a result, she had to wait outside while LASD was still responding, not knowing if there was still someone inside her house. Sounds like maybe it took LASD 35 minutes to respond to a call about an active burglary in progress?

Your deputies next Thursday will most likely be hit up for this incident's response time, and possibility response times in general.
